## [2018 Colonial Night Watch](#)

2018 was a wet Night Watch. Camped in the Colonial Quarter Museum, rain plagued troops all Saturday. Muskets worked surprisingly well, however. While crowds were down due to the weather, everyone had an excellent time. Pictures are a collection from participants.

## [2018 Fort King](#)

Reenactments events are held at Fort King. This year's December 1-2, 2018 conflicted with Colonial Night Watch in St. Augustine. However, East Florida Ranger Joe Noto and his wife Michelle represented our group. Reenactors portray Seminoles and soldiers. The events will include demonstrations of axe throwing, blacksmithing and Seminole sewing and cooking techniques.

Months after Osceola's raid, U.S. soldiers abandoned the fort and the Seminoles burned it to the ground. Army troops returned in 1837 and rebuilt the fort. Fort King has been

rebuilt again to continue providing an important insight to Florida history.

### [May 26, 2018 Garrison Changing of Guard](#)

The weather couldn't have been better for the Saint Augustine Garrison's May Changing of the Guard. Thousands of visitors were treated to a historical reenactment that would have occurred nightly in St. Augustine during the 1700's. Thank you East Florida Rangers for being a part of it. Here are a few photos of the event.

## [Fort Foster](#)

Fort Foster State Historic Site is a reproduction of a fort

originally built on the same grounds in December 1836, by Col. William S. Foster and his 430 men. During the Second Seminole War the purpose of Fort Foster was to defend the bridge crossing at the Hillsborough River and act as a resupply point for the soldiers in the field. The fort was garrisoned on and off from December, 1836 – April, 1838. Although the fort was attacked on several occasions, the worst attack occurred in February 1836, when a small group of Seminoles attempted to set fire to the bridge. The attempt was thwarted by aggressive musket and cannon fire from the fifty or so U.S. Navy sailors and the 20 artillery men within the fort. Today, park staff and reenactors like the East Florida Rangers provide living history demonstrations of life at Fort Foster.
